SAFETY INSTRUCTIONS

PIVOT™ v2

Max Weight

250 lb

114kg

! WARNING

- Do not tow with this product.
- Confirm the product you intend to use in the Pivot v2 is approved by the manufacturer.
- You are responsible for confirming you do not exceed your vehicle's tongue hitch weight.
- Do not use this product upside down.
- Do not attach a vertical or hanging style bicycle rack to a hitch extender or swing arm.
- Check tightness of lever periodically and adjust as needed.
- Do not use rack off road (rough, washed out, boulder-and-rut-strewn backroads).
 - Smooth gravel roads are not considered off road.
- Must mount to your vehicle's receiver directly. Do not use extenders.
- Do not use this product with recreational vehicles or trailers.
- If towing bikes or motorcycles, do not use wind covers or tarps.
- Make sure safety lever and toggle clamp are secure when carrying or storing.
- Drive responsibly. The added distance from your hitch will amplify deflection.
- Check with your manufacturer prior to using PIVOT™ v2 with any 3rd party racks.

NOTICE

- Do not take through automatic car wash.
- Approved for use with most Küat products, visit kuat.com/product/pivot-2/ to learn more.

If you have questions or problems, please contact Küat Racks directly by calling toll free 1(877)822-KUAT, or by email: info@kuat.com

! ADVERTENCIA

- No remolque con este producto.
- Confirme que el producto que desea utilizar en PIVOT™ v2 esté aprobado por el fabricante.
- Usted es responsable de confirmar que no excede el peso del enganche de lengüeta de su vehículo.
- No utilice este producto al revés
- No fije un portabicicletas vertical o colgante a un extensor de enganche o a un brazo oscilante.
- Verifique el ajuste de la palanca periódicamente y ajústela según sea necesario.
- No utilice la rejilla fuera de la carretera (camino secundarios accidentados, deslavados y llenos de rocas y surcos).
 - Los caminos de grava lisa no se consideran todoterreno.
- Debe montarse directamente en el receptor de su vehículo. No utilice extensores.
- No utilice este producto con vehículos recreativos o remolques.
- Si remolca bicicletas o motocicletas, no utilice cubiertas ni lonas contra el viento.
- Asegúrese de que la palanca de seguridad y la abrazadera de palanca estén seguras al transportar o almacenar.
- Conduzca responsablemente. La distancia adicional desde el enganche amplificará la desviación.
- Consulte con su fabricante antes de utilizar PIVOT™ v2 con bastidores de terceros.

AVISO

- No lo pase por el lavado automático de autos.
- Aprobado para su uso con la mayoría de los productos Küat, visite kuat.com/product/pivot-2/ para obtener más información.

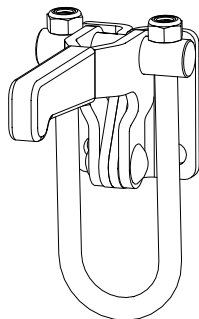

! AVERTISSEMENT

- Ne remorquez pas avec ce produit.
- Confirmez que le produit que vous souhaitez utiliser dans PIVOT™ v2 est approuvé par le fabricant.
- Vous êtes responsable de confirmer que vous ne dépassez pas le poids de la barre d'attelage de votre véhicule.
- N'utilisez pas ce produit à l'envers.
- Ne fixez pas un porte-vélos vertical ou suspendu à une rallonge d'attelage ou à un bras oscillant.
- Vérifiez périodiquement le réglage du levier et ajustez-le si nécessaire.
- N'utilisez pas le porte-bagages hors route (routes accidentées et délavées, pleines de rochers et d'ornières).
 - Les routes de gravier lisse ne sont pas considérées comme hors route.
- Il doit être monté directement sur le récepteur de votre véhicule. N'utilisez pas de rallonges.
- N'utilisez pas ce produit avec des véhicules récréatifs ou des remorques.
- Si vous remorquez des vélos ou des motos, n'utilisez pas de couvertures anti-vent ou de bâches.
- Assurez-vous que le levier de sécurité et la pince à bascule sont sécurisés lors du transport ou du stockage.
- Conduisez de manière responsable. La distance supplémentaire par rapport à l'attelage amplifiera la déflexion.
- Vérifiez auprès de votre fabricant avant d'utiliser PIVOT™ v2 avec des racks tiers.

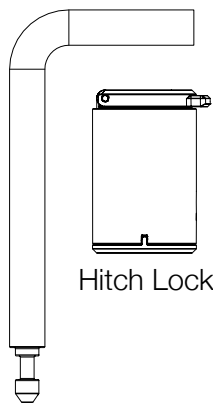

AVIS

- Ne le passez pas au lave-auto automatique.
- Approuvé pour une utilisation avec la plupart des produits Küat, visitez kuat.com/product/pivot-2/ pour plus d'informations.

Bolt

NOTICE

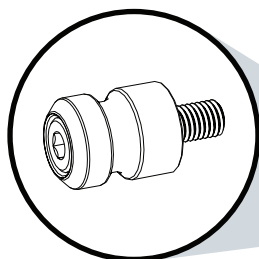

These instructions depict the Pivot™ v2 **Passenger Side** swing. Assembly and installation steps for the **Driver Side** are identical.

Assembly

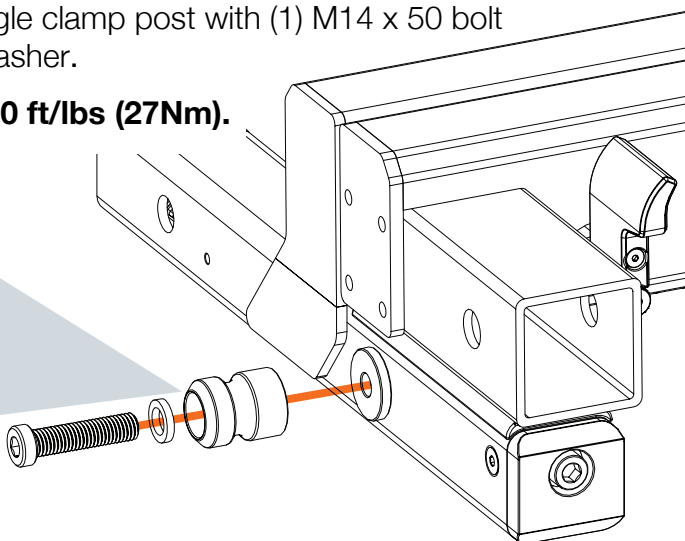

- Using the 8mm hex key, remove tape and attach the pre-assembled toggle clamp post with (1) M14 x 50 bolt and (1) M14 lock washer.

WARNING

Tighten bolt to **20 ft/lbs (27Nm)**.

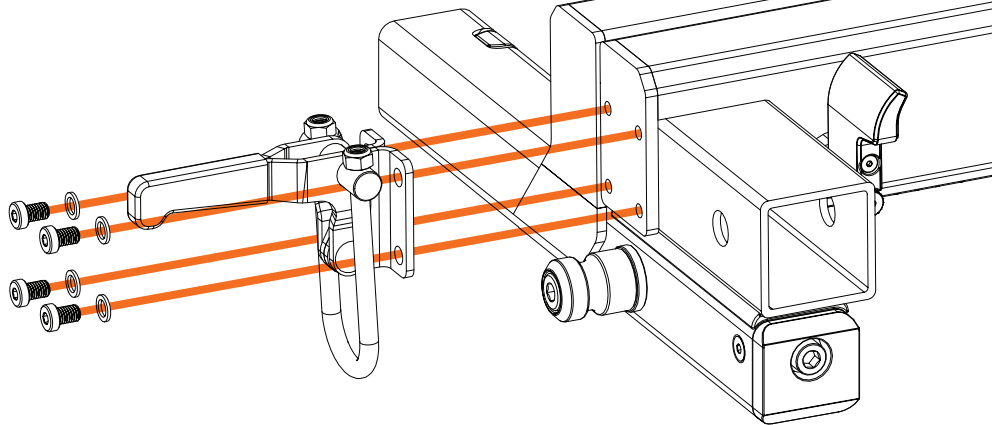

TOGGLE CLAMP POST
ASSEMBLY

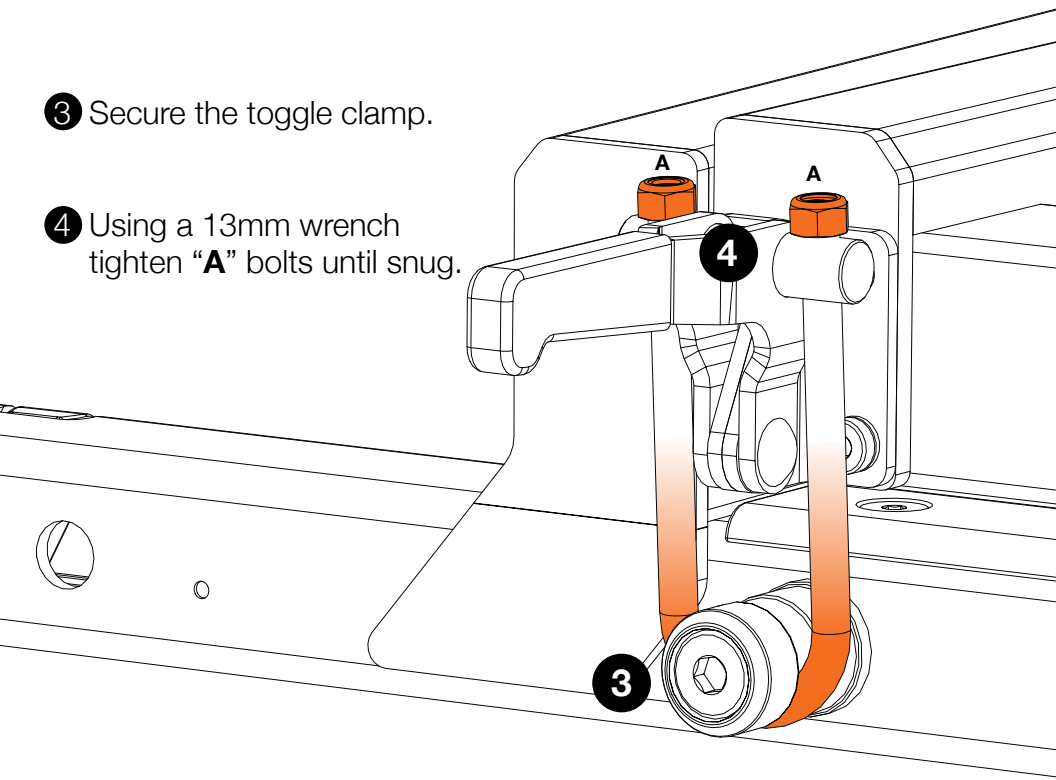

- ② Using the 5mm hex key, attach the toggle clamp with (4) M8 x 12 bolts and (4) M8 lock washers.

⚠ WARNING Tighten bolts to **16 ft/lbs (22Nm)**.

- ③ Secure the toggle clamp.

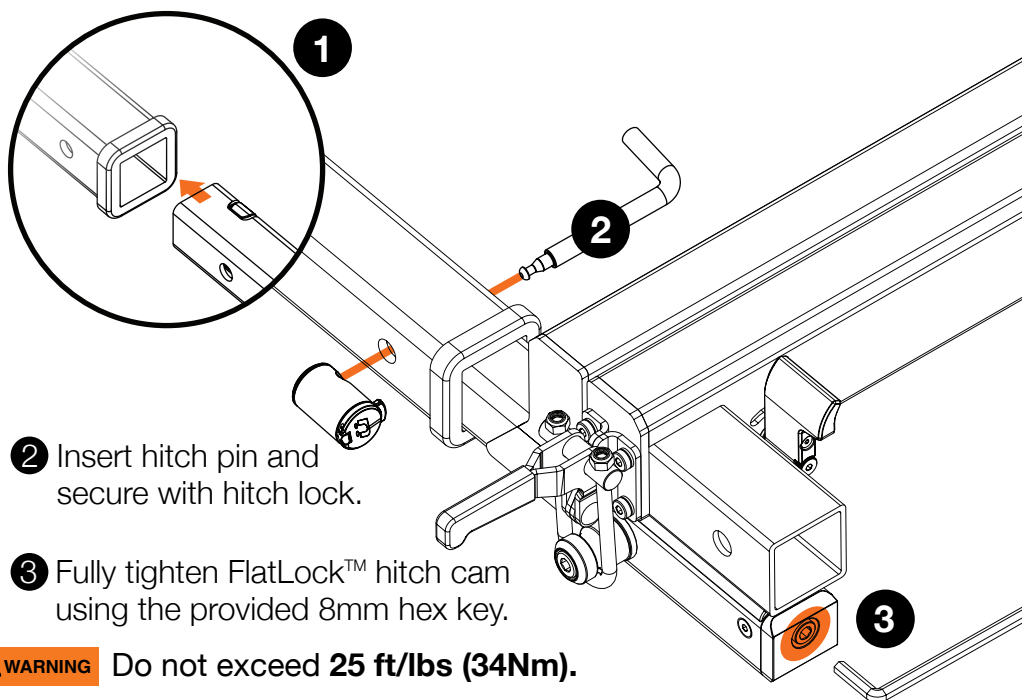

- ④ Using a 13mm wrench tighten "A" bolts until snug.

⚠ WARNING Lever should require some force to close. It will break-in and require retensioning from time to time.

Installing Pivot™ v2 into Hitch

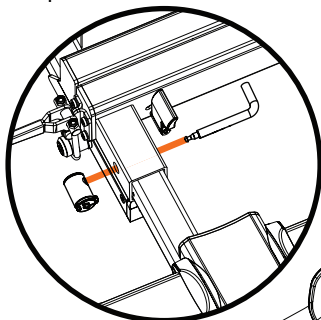

- 1 Slide Pivot™ v2 into hitch and align the hitch pin holes.

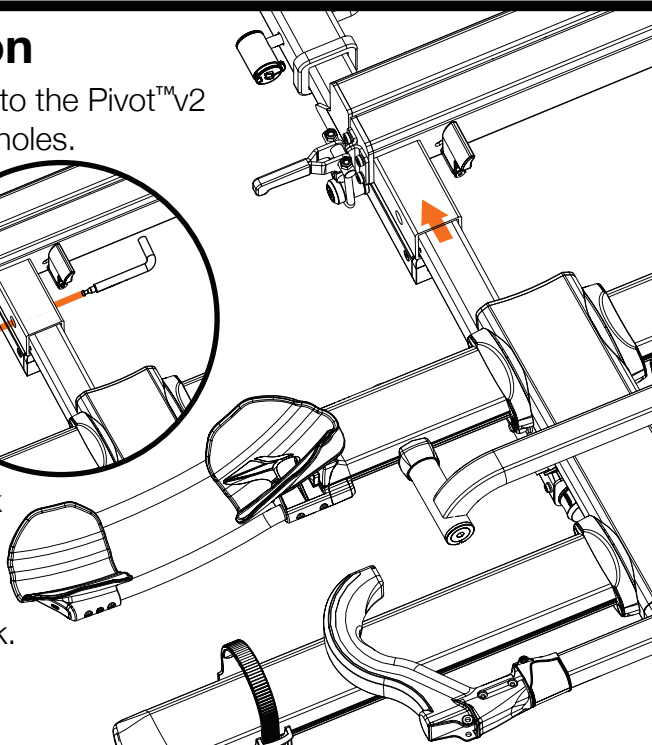

WARNING Do not exceed **25 ft/lbs (34Nm)**.

Rack Installation

- 1 Slide accessory rack into the Pivot™v2 and align the hitch pin holes.

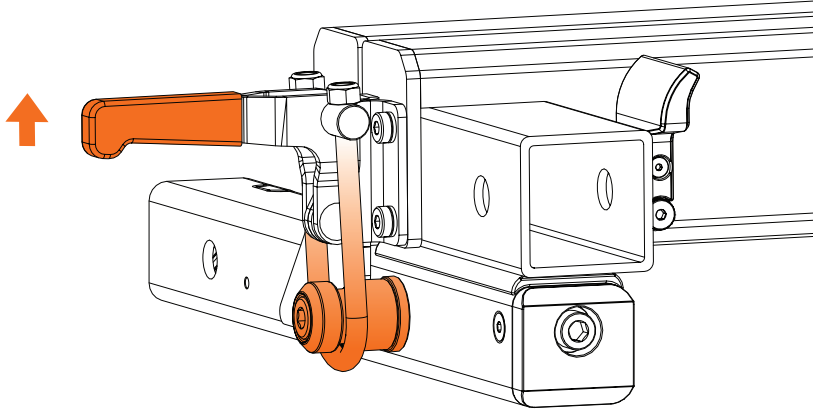

- 2 Secure accessory rack using hitch pin.
- 3 Tighten accessory rack.

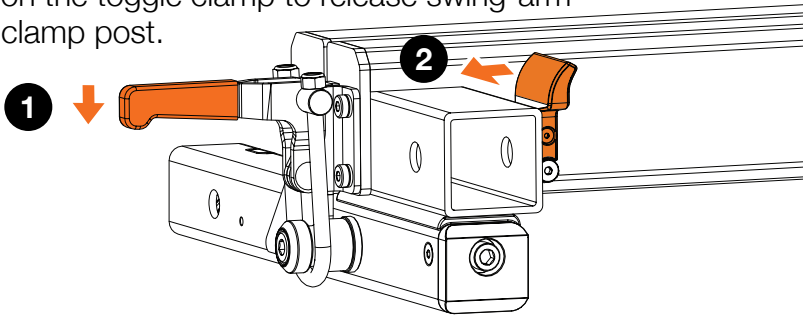

Driving

- 1 Before driving, ensure Pivot™ v2 swing arm is fully closed, toggle clamp is secured to clamp post and in the closed position.

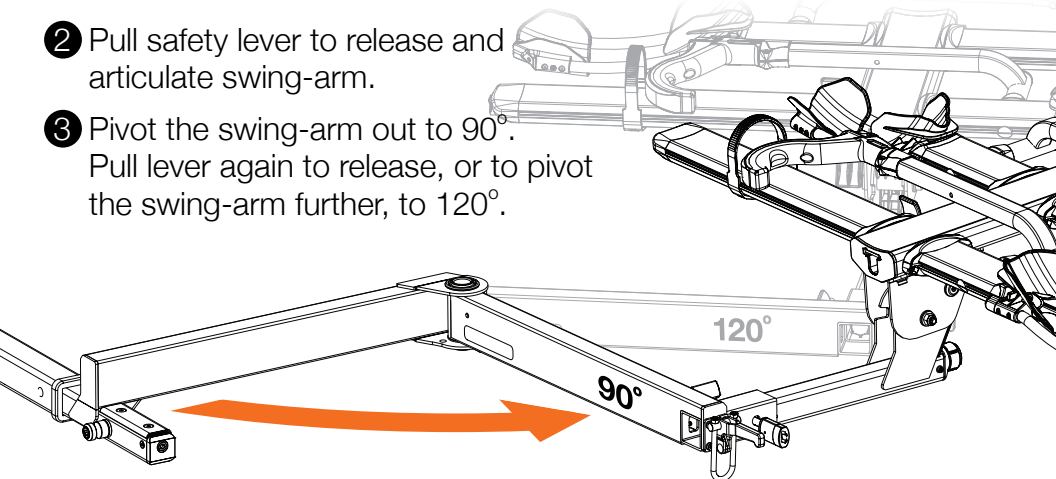

Swing-Away Operation

- 1 Push down on the toggle clamp to release swing-arm from toggle clamp post.

- 2 Pull safety lever to release and articulate swing-arm.

- 3 Pivot the swing-arm out to 90°. Pull lever again to release, or to pivot the swing-arm further, to 120°.

NOTICE

Use caution when opening, 120° position may cause interference with vehicle.

NO WORRIES LIMITED WARRANTY

We stand behind our products, and our customer service reps are waiting to help you out if you have any problems with your product. Our limited warranty covers your purchase for life. You can review our limited warranty on our website or call customer service at the number below if you have questions or need a repair, replacement, refund, or a copy of the limited warranty.
